

Call for Vision and Challenge Papers

The International Symposium on Spatial and Temporal Databases 2015 (SSTD 2015) is the fourteenth event of a series of biannual symposia that discuss new and exciting research in spatial, temporal and spatio-temporal data management and related technologies and start setting future research directions. The primary focus of SSTD symposia is on original results in the areas of theoretical foundations, design, implementation, and applications of spatial and temporal database technology. SSTD also welcomes experience reports from application specialists and the commercial community that describe lessons learned in the development, operation, and maintenance of actual systems in practical and innovative applications. The goal is to exchange research ideas and results across academia, industry and government from diverse geographies, and career stages.

SSTD 2015 will be held in Seoul, South Korea, August 26-28, 2015 at Center Mark Hotel, which is located at Insa-Dong, the most tourist place in Korea.

For the third time the International Symposium on Spatial and Temporal Databases (SSTD 2015) includes a Vision and Challenge track and program committee. Vision and Challenge track invites submissions of short papers in the areas of interest of the main event that:

- Describe revolutionary ideas that are likely to guide research in the near future
- Challenge existing assumptions prevalent in the research community
- Identify novel applications and technology trends that create new research challenges

These papers should provide stimulating ideas or visions that may open up exciting avenues and/or influence the direction of research within the realm of SSTD, i.e., research in spatial, temporal and spatio-temporal data management.

While an exhaustive evaluation of the proposed ideas is not necessary, insight and in-depth understanding of the issues is expected. Accepted contributions will be presented at a special session during the symposium and will be included in the proceedings of SSTD 2015.

Vision/challenge submissions should have a maximum of 4 pages in LNCS format Details about the submission process can be found <http://sstd2015.org>.

Submission Deadlines Extended

Research Paper Abstract: extended to April 3, 2015

Full Research Paper, Demo Paper, and Vision/Challenge Paper: extended to April 10, 2015

SSTD Steering Committee

(Board of directors)

Ralf Hartmut Güting

Agnès Voisard

Nikos Mamoulis

Yan Huang

Elisa Bertino

Claudia Bauzer Medeiros

Mario Nascimento

Honorary Chair

Kyu-Young Whang

General Co-chairs

Cyrus Shahabi

Ki-Joune Li

PC Co-chairs

Christophe Claramunt

Raymond Chi-Wing Wong

Markus Schneider

Demo Chair

Li Xiong

Publicity Co-chairs

Jin Soung Yoo

Baihua Zheng

Sponsorship Co-chairs

Siva Ravada

Erik Hoel

Mehdi Sharifzadeh

Proceedings Chair

Woong-Kee Loh

Local Arrangement Chair

Hae-Kyong Kang

Treasurer
